550,000 IN OHIO ENROLLED FOR NEW DRAFT ARMY

Seven Counties Haven't Reported Complete Returns—Figures Show 533,000

EXEMPTIONS CLAIMED BY
68 PER CENT OF YOUTHS

Washington Asks For Only Complete Figures On the Ohio Registration

(Associated Press Telegram)
Columbus, O., June 7.—With official or incomplete returns missing from seven of 88 counties, Ohio's registration figures as revised at state headquarters at noon today, showed a total registration of 533,000.

This total will be increased fully 10,000, and perhaps double that amount when a final report comes from Cuyahoga county, which is credited with 56,250 registrations from 606 of 568 precincts. To the total also will be added, perhaps, several thousand women final reports come from Athens county, from which one precinct is missing; Morgan county, from which reports are lacking in six precincts, and from Darke and Guernsey counties, which reported incomplete figures. Hamilton county's registration of 49,011 is complete also.

With the added figures expected from the delinquent counties and the registration of non-residents of the state, whose cards are to be mailed in, and the registrations in state institutions, which will number more than 10,000, state officials were confident Ohio's grand total will run more than 550,000.

Sixty-seven counties furnished totals on claims of exemptions. These counties polled a registration of 260,439, and of that number 175,009 claim exemption. This is a little more than 68 per cent.

Only 63 counties made complete returns showing the number of whites, colored, aliens and alien enemies claiming exemptions of exempt. These 63 counties registered 230,166 and 160,599 gave their grounds for desiring exemption. Of the 196,873 whites, 143,255 claimed exemptions. Of the 9369 negroes registered in the 63 counties, 5287 claimed exemptions on the same grounds as the whites; legislative, judicial, executive or other service, because of physical disabilities, because of dependents or for being in some calling that will necessitate their services at home. There were 16,657 aliens and 4463 alien enemies registered in the 63 counties.

There are 25 counties that have failed thus far to send in summarized reports, eight of which have yet to complete even official totals. Instructions have been sent to hurry the work. In several instances replies have come that the summarized reports have been delayed because of storm conditions making it impossible to get detailed returns from a few precincts. In other instances, particularly those counties not completed, election officials have been delayed in filing final returns because of making out duplicate registration cards.

A message was received at noon today from Provost Marshal General Crowl at Washington, asking Governor Cox not to file the Ohio report until the last precinct has reported officially and finally. It may be two or three days before these final figures are available at registration headquarters.

PREPARE RULES FOR DRAFT.
(Associated Press Telegram)
Washington, June 7.—The war department was at work today on regulations for the second step in the army draft, selection by lot of a proportion of young men registered, while the provost marshal general's office was compiling data on the registration Tuesday.

Only Delaware, Vermont and the District of Columbia had reported their registration figures last night, but many more state reports were looked for today.

It may take a week or ten days (Continued on Page 2, Col. 3.)

REGISTERED MEN MAY YET ENLIST IN ANY NATIONAL GUARD UNIT; CO. B WANTS YOU

Orders issued by the war department permit the enlistment of any young man, even though registered under the conscription act, in any branch of the service. This means that even though Newark young men between the ages of 21 and 31 registered Tuesday they may still volunteer their services.

Company B, Fourth Ohio Infantry, the oldest organization in continual service, commanded by officers who have seen actual war service, needs 45 more recruits from Licking county. Already 26 have enlisted. Come into the organization where you will be with men you know. It makes your service all the more pleasant. It's worth something to be in a company commanded by experienced men too. You get that advantage by joining Company B.

Any young man physically fit, between the ages of 18 and 45 years may enlist.

100 I. W. W. GO TO JAIL; REFUSED TO ENROLL FOR DRAFT

(Associated Press Telegram)

Rockford, Ill., June 7.—Federal authorities today took steps to deal with the cases of more than 100 members of the Industrial Workers of the World, who last night paraded through the streets to the county jail and demanded to be locked up for not registering.

"We have not registered and suppose we will be arrested; lock us up," said the leader. The sheriff admitted them, half a dozen at a time, until 136 had been placed behind bars.

On account of the crowded condition of the jail it was necessary to transfer a number of the prisoners to jails in Freeport and Belvidere, nearby towns.

PERFUMED NOTES DENIED CONVICTS IN JOLIET PRISON

(Associated Press Telegram)

Joliet, Ill., June 7.—Indiscriminate correspondence with women outside the prison will henceforth be denied the convicts in the Illinois state penitentiary here, according to an announcement today by Warden A. L. Hownen, who believes foul letters and visits from women contributed to the disturbance among the prisoners that culminated in the penitentiary riots of last Tuesday. Several letters from women who had been put in communication with convicts through a league organized for uplift work were made public today by the warden.

"I fell asleep and dreamed of my hero—you," wrote one woman. "I have a counterfeit on my list, a kid about 20, but some smart kid and sweet boy," said one letter. "But don't get jealous, he's in for two years longer than you are and you won't ever meet."

Warden Hownen said the letters came from all parts of the United States and from all degrees of social rank.

PRONOUNCED DEAD NEGRO RECOVERS ON MORGUE SLAB

(Associated Press Telegram)

Cincinnati, O., June 7.—After being pronounced dead at the General hospital today and the supposed corpse taken to the morgue, Charles Williams, colored, showed signs of life. He was removed to the operating room where a tube was inserted in his throat, which had been torn by a bullet that had also severed the windpipe. Williams seemingly died within a few seconds after his arrival at the hospital. Now it is said he has a chance to recover.

BRITISH STRIKE ANOTHER BLOW NORTH OF ARRAS

Three Villages Already Captured and Wytchaete Surrounded

EXPLODE MILLION POUNDS POWDER UNDER GERMANS

Tanks Fight In New Attack Which Attains All Gen. Haig's Objectives

(Associated Press Correspondence)
British Headquarters in France, June 7, via London.—The British rush this morning on the Messines-Wytchaete ridge of the Belgian front took them well over the ridge where they are now entrenching.

The village of Messines was reported to have been taken early in the fighting. It was also reported that Lenter and Zeebeba had fallen and that Wytchaete had been surrounded by the British storming troops.

The British also captured important trench positions all the way from Observation Ridge, southeast of Ypres, to Ploegsteert Wood, north of Armentières.

More than one million pounds of high explosives was blown up under the German forward positions. This the most gigantic mining operation in the history of the war, spread panic among the Germans.

Tanks were in the thick of the fighting. More than 1,000 Germans were taken prisoners early in the engagement.

The fighting continues under the mid-sun rain. The Germans have not yet rallied for the expected counter attack.

The British in their attack today used probably twenty per cent more guns, especially those of heavy calibre, than they employed in the battle of Arras.

ATTACK WAS SUCCESSFUL.
(Associated Press Telegram)

London, June 7.—The British have opened an attack on a nine mile front between Messines and Wytchaete and have taken all their first objectives.

The official statement says that the British progress is being continued and that a number of prisoners have been taken.

"We attacked at 3:10 a. m. this morning German positions on the Messines-Wytchaete ridge, on a front of over nine miles. We have everywhere captured our first objectives and further progress is reported to be satisfactory along the whole front of attack. Numbers of prisoners are reported already to be reaching the collection stations."

The new British offensive is against the German salient three miles south of Ypres. For several days the British have maintained a tremendous bombardment for almost 30 miles on this portion of their front. The salient itself is about 3 miles in depth and the same distance in width. An effective advance in this sector would seriously menace the German hold on Lille, which is about five miles from the nearest British position.

CAPTURE FRENCH TRENCHES.
Berlin, June 7, via London.—German troops yesterday captured French positions for an extent of nearly one and one-quarter miles along the Chemin des dames front south of Pargny-Falaire in the Aisne region, says the official statement issued today by the German army headquarters staff.

Early today, the German statement says, the battle in Flanders fully flared up after the most extensive (Continued on Page 2, Col. 4.)

TRANSPORT LANDS WHEAT CARGO AT PORT IN FRANCE

(Associated Press Telegram)

Paris, June 7.—A large American transport, containing wheat for American troops which are to come later, has crossed the Atlantic under the protection of an American warship, the Matin announces. The transport is now being unloaded at a French port, the newspaper says.

Preparations are being made for the reception of American troops, the newspaper says further. A number of bases similar to those of the British army have been organized.

The naval collier Jupiter has arrived in France, Secretary Daniels announced today, laden with 10,500 tons of wheat and other supplies. The ship sailed from the American port without any intimation of her voyage have been given out in advance and is now at anchor in a French port.

Camps have been laid out for infantry and artillery and aviation parks have been established for American aviators.

The Matin says the arrival of the transport means that the provisioning of the army is well under way before the arrival of troops and that accordingly the American forces will make no call on the French stock of food.

CONFEDERATE VETERANS PARADE IN WASHINGTON

(Associated Press Telegram)

Washington, June 7.—Thousands of Confederate veterans were marshaled today for the parade up historic Pennsylvania avenue past President Wilson's reviewing stand, the most spectacular feature of their reunion, while most of the 100,000 visitors gathered along the line of march to cheer the aged men.

A small band of Union veterans acted as escorts for their former foes.

The parade through the national capital's main thoroughfare was the realization of half a century old hopes of the soldiers and thunderstorms which were promised, did not dampen their ardor.

Large Delegations With Bands Are Expected Friday—Zanesville Comes With Seventh Regiment Band—Springfield and Cleveland In Warm Fight For 1918 Convention—Special Arrangements Made to Entertain Visiting Wives and Sweethearts of Delegates—Buckeye Lake Will Be Visited Friday—Parade Closes Convention Saturday

At 10 o'clock this morning the registration headquarters in the Pythian Temple in East Main street were formally opened for the reception of the delegates attending the state convention of the United Commercial Travelers, in session here today, Friday and Saturday.

The convention marks the 29th annual session, and the Newark council as hosts have been untiring in their efforts to make the event one to stand out in the minds of the members of the organization who attended. The delegates began to arrive during the morning and afternoon hours, and every accommodation has been made for their convenience. At the headquarters, long tables have been arranged with the grouping of the different councils for registration.

This year's convention may not have as large an attendance as in years past for the war which has greatly changed the national situation.

Other business to come before the convention is the report of the different committees on credentials, which committee is the same as the executive committee, committees on rules and order and the reports from the officers and executive committee. The ball room of the Pythian Temple has been transformed with flags, and bunting and the stage has been banked with syringas and peonies. In connection with the headquarters a suite of five rooms has been set apart for the use of the women visitors. A maid is in attendance and punch and cakes will be served there during the three days of the convention.

IRON TON MURDER VICTIM MAY BE KENTUCKY GIRL

(Associated Press Telegram)
Ironton, O., June 7.—Mrs. Mary Biars of Prestonburg, Ky., thinks the girl found in the Ohio river at Hanging Rock, near here, Tuesday night, is her daughter, Lou Biars, aged 19, who disappeared from home December 3 last. The mother told the police last night in a telephone conversation she would be here today to view the body in an effort to identify her daughter, who, Mrs. Biars said, left home accompanied by a young man, whose identity she did not know.

The body, which apparently had been in the water several months, was weighted down with a heavy piece of railroad rail, wired to the girl's shoulders. The only clue the police have had is a trade-mark of a Columbus dealer in the girl's shoes. The dealer, however, told the Ironton police that identifying the girl by this means would be practically impossible.

HOW TO BE RID OF
CHRONIC DANDRUFF

The only way to get rid of disgusting, untidy dandruff is to correct its cause. Shampooing merely cleanses the scalp for a few days, then the scales form again as thick as ever.

To destroy the dandruff germ and get rid of the dandruff for good, part the hair and apply a little of the genuine Parisian Sage directly on the bare scalp and rub it in until absorbed. You will surely be amazed at the result of even one application for your hair and scalp will look and feel 100 per cent better. Only a few days' massage with Parisian Sage should be needed to destroy the germs that cause dandruff to form. The scalp becomes healthy, the hair will grow better, show more life and vitality and should no longer be troubled by dandruff. Faded, dull or lifeless hair is quickly restored to beauty by this simple process. Parisian Sage can be obtained from W. A. Erman and druggists everywhere. It is not expensive. Adv.

29TH ANNUAL SESSION OHIO U. C. T. OPENED HERE THIS AFTERNOON

(Continued from Page 1.) committee will be the only business of today, the gala occasion being this evening when the big Mardi Gras and masque ball celebration will be given in Hudson avenue. The street was scrubbed today and the myriads of lights and hundreds of flags make it an attractive spot. There will be hundreds in costume and the Buckeye band will furnish the dance music.

Tomorrow morning will be given over to the rural business of the convention when the visitors are welcomed to the city by Mayor Bigbee, and Frank L. Beggs, president

A. B. CRAWFORD
A. B. Crawford, past counselor of Newark Council U. C. T. is a member of the special executive committee for the state convention now in session.

of the Chamber of Commerce, and also an active U. C. T. member.

The convention will then go into session, when the various reports will be made and it is probable the officers will be elected before the convention convenes at 2:30 o'clock. In the afternoon and evening, the visitors will be entertained at Buckeye Lake Park, where the entire entertainment of the park will be turned over to them.

On Friday morning the visiting women will be entertained with an auto ride to Granville, where all the points of interest will be visited and where the students at Shepardson College will repeat the College carnival. The program will include a pageant, "The Coming of the People to America" by interpretive class, a flag drill by the Freshman class, a patriotic march by the sophomore class, Red Cross march by the senior class.

Saturday, the business session will again take up the morning and in the afternoon at 2 o'clock the big parade with all the delegations and bands will be formed and the parade will move at 2 o'clock. The reviewing stand of the grand officers will be on the north balcony of the Warden Hotel.

Most of the officers and the members of the executive committee had arrived in the city Wednesday evening.

Springfield is making a big fight to land the convention for 1918. The city is covered with tags bearing the words, "Springfield 1918," and a big crowd of boosters have been in the city all week, making a determined effort to be next year's host. Cleveland also has a party of members in the city in an effort to secure the convention and it was learned today that Lancaster is coming with band and a big delegation to enter into the fight.

There seems to be a sentiment among many of the members that a small town affords the better entertainment, because the delegates and visitors are grouped, and in the larger town the convention is somewhat lost sight of.

There will be plenty of music during the next few days for many of the delegations have bands, and Newark will be thrown open to the visitors. Every home will make them welcome, and the members of the Newark council with the citizens will endeavor to make it a gala occasion.

U. C. T. NOTES.

One of the hardest workers at the conventions is the grand secretary, R. F. Somerville. For him the convention means mostly work, and he sees little of the play.

The final work of decorating the city, and cleaning Hudson avenue for the Mardi Gras was completed this morning.

Kent Bros. filled the huge tiles, which have been placed at the street intersections to regulate traffic. The tiles were filled with beautiful flowers, and on a post lights will be hung, adding to the effectiveness of the street decorations.

The Springfield crowd has certainly been busy in the city, in their effort to secure the next year's convention. Nearly every auto bears their tags.

Up to 2 o'clock this afternoon over 300 members of the U. C. T. had registered at the headquarters. This is a big registration for the first day. Thirty-nine visiting women had registered.

Tomorrow morning at 9:30 o'clock, 200 automobiles will leave the U. C. T. headquarters in East Main street, taking the visitors to points of interest in Newark and Granville.

Zanesville will arrive tomorrow morning with a big delegation and a band. It will be the first big delegation to arrive.

All the amateur sleuths in the city will be seeking a Lancaster hotel man who is known to be in Newark in disguise. There is a \$5 reward offered for his capture which is an adequate compensation, since there is no danger of personal injury to the captor because the Lancaster man is known to have promised

peaceful surrender if accosted.

If you attend him, and succeed in penetrating his disguise, approach him in these mystic words: "You are Elmer Ruble," proprietor of Hotel Martin, Lancaster, Ohio." He will then give you an order for \$5 in gold which has been posted in the window of the Ohio Light and Power Company in Third street.

Mr. Ruble will be in the Mardi Gras crowd on Hudson avenue tonight and will give the \$5 to the first person who approaches him with the proper words, after 8:30 o'clock.

550,000 IN OHIO ARE ENROLLED FOR NEW DRAFT ARMY

(Continued From Page 1.) to complete the nationwide tabulations. Then the war department will prescribe rules for drawing names of men who are to be examined before local or precinct boards, and for the composition of these boards and of boards of review to which those drafted may appeal. A call for a definite number of troops will be issued, each state will be notified to contribute a certain proportion, and state authorities in turn will determine allotments for subdivisions.

Plans for all the machinery has been already formulated in a large measure, under the provost marshal general, so that the first choosing and the subsequent sifting out of men not qualified physically or those having dependents, may be completed as early as possible this summer, preparatory to the call to the colors in the fall.

Officials noted today that the meagre returns received indicate that more than half of the men registered either claimed exemption or gave facts which might exempt them. The war department may issue a ruling statement for boards of exemptions, but actual decision on each case will be left to the local authorities who are in position to know conditions first hand. Emphasis is laid on the determination to prescribe no class exemptions but to pass on cases individually.

UNCLE SAM HAS NO PART IN CHINA REVOLT---LANSING

(Associated Press Telegram) Washington, June 7.—Secretary Lansing today most emphatically denied reports published in the Chinese press that the United States was supporting the revolutionary movement there and had even furnished funds for it. The secretary said:

"My attention has been called to certain charges in Far Eastern papers that this country was supporting the revolutionary movement in China and had even furnished large sums of money for its aid. This is absolutely false. The United States has taken no action toward the revolution of any sort. America's great and constant interest in China is with all friendly nations, is the prevalence of good order and domestic tranquility."

It is thought possible that the Chinese press may have become confused over the attitude of Minister Reisch in Peking, who has been in a very difficult position ever since the United States severed relations with Germany. Reports have come from there that he was very instrumental in inducing the Chinese government to follow this country in severing relations with Germany and that resentment had been created against him in certain pro-German and anti-government quarters.

The internal trouble has been extremely serious in China and as the superficial difficulty has been over the war situation, it is thought natural that some editors might have sought to embroil the United States in it, especially because of Minister Reisch's previous negotiations.

BRITISH STRIKE ANOTHER BLOW NORTH OF ARRAS

(Continued From Page 1.) sive explosions and the most violent drum fire.

PART OF ARRAS BATTLE.

(Associated Press Telegram) New York, June 7.—General Haig has launched his expected blow at the German lines in Belgium, striking early this morning along a nine mile front on the Messines-Wetschaete ridge, between Ypres and Lille.

Success marked the opening of the offensive, the British winning all their initial objectives and pushing on. Their further progress is reported to be satisfactory along the whole front.

While a considerable stretch separates the field of this new offensive from that of Arras, the operation may be considered as in conjunction with the continuing battle on the Arras front. A sweeping salient in front of the city of Lille has been created by the Arras attack and in a broad sense this salient is now under threat from both the north and the south.

Delaying the recent German boast that the British offensive from Arras had come to a halt, General Haig earlier this week proved that he had not lost his initiative there by making a successful drive to the south of Lens, carrying a mile of the German front north of the Scarpe.

The reverberations from this blow had hardly died away before today's attack was launched on the other side of the Lille salient.

A sharp, well defined curve in the German line, about 3 miles deep and the same distance across, is the immediate object of this new attack. In common with other sections of the line in Belgium along a front of some 30 miles its defenses had been subjected to a tremendous pounding by the British artillery for days.

The French front is comparatively quiet. The only development of note last night was a German attack northwest of St. Quentin. This was quickly checked by the French fire.

Conditions in Russia appear more promising from several angles. For one thing the incident at Kronstadt, with its revolting fortress garrison and declaration of independence, has been adjusted, the self-constituted Kronstadt authorities recognizing the authority of the provisional government. This quickly followed indications of increasing control of the army situation by Minister of War Kerensky and the settlement of the threatened munitions strike in Petrograd.

Today brings new indications of the increasing part the United States is daily taking in the great war.

The naval collier Jupiter, with 10,000 tons of wheat has arrived at a French port, Washington, announces. Paris newspaper accounts of the arrival of an American transport with wheat describes the grain as intended for American troops to come later. For these troops it is declared, a number of bases similar to those of the British army in France have been prepared.

The arrival of American warships off the French coast is announced by the French ministry of Marine, which has extended a cordial greeting to them in the name of the French navy.

SCOUT CARAVAN TOURING STATE VISITS NEWARK

Ottawa County Boy Scouts, accompanied by prominent business and professional men of Port Clinton and vicinity, with a 35-piece band, reached the city this morning soon after 11 o'clock and the caravan was parked on the square.

Twenty-five automobiles brought the boys and their officers, and escorts among whom were prominent attorneys and business men of Ottawa county. All of the boys wore full uniform of the Scout order and carried full equipment. They were met by a committee of Newark men, headed by the Scout Commissioner, W. E. Hopkins, who has done more for the Scout movement in Licking county than any person since its organization a number of years ago.

The Licking county troops are composed of some of the finest boys to be found in the country, and Newark can well be proud of her Scouts.

After the arrival of the boys a reception was held by the Scout committee and Newark boys, after which an automobile trip was made. At noon The Women's Federated clubs served an elaborate luncheon at the Country Club to the Newark Scouts and their guests.

Following this, Walter C. Metz, who is sincerely interested in the movement, acted as spokesman and gave an interesting talk on the Indian Mounds in this vicinity, after which a visit was made to the mounds and other points of interest in and around Newark. At 3.30 Dr. McQuaig gave a heart-to-heart lecture to the boys and all Newark people who were interested at Taylor Hall. Following this an exhibition drill was given by the Port Clinton company in front of the east steps of the Court House. Supper was served at the Masonic Temple, prepared by Mrs. Belberbach and served by a committee of women from the Central Church of Christ.

From 6.45 to 8 this evening a band concert will be given on the square. The tourists are accompanied by a 35-piece band which has won a reputation all over the state for excellent concerts. They figure in all prominent affairs held in Toledo, O., and all cities near Port Clinton, which fact alone speaks for their ability.

Following are the men on the Newark committee: Walter C. Metz, W. C. Miller, F. M. Black, E. C. Wright, A. P. Hess, Mr. Painter, Mr. Pratt, D. D. Tullis, Lee S. Pemberton and the Scout Commissioner, W. E. Hopkins. Scout Masters, and their respective troops are as follows: H. S. Farmer, Troop No. 4; Wilfred Rawlings, Troop No. 5; Frederick Wright, Troop No. 6; L. C. Emerick, Troop No. 7; Howell Hughes is organizing Troop No. 8 from the First Presbyterian Sunday

school. Instructor and drill master of Newark Scouts, Hubert R. Hopkins of Denison University.

NEWARK LOSES IN FIGHT FOR BIG ARMY CAMP

Newark's chances for the big cantonment for the Ohio and West Virginia recruits for Uncle Sam's new army seem to be vanishing in thin air, according to a telegraphic dispatch from Washington which says the report of the inspection boards detailed by Major General Barry of Chicago to inspect the proposed sites, has favored the Chillicothe camp.

General Barry's report is said by those who have seen it to be positive and unequivocal in favor of Chillicothe, based on the findings of the board of officers that made an inspection of the various sites under his orders.

Establishment of a cantonment for a division necessitates construction of about 2000 buildings. These will be one and two stories in height. They will not be plastered and the rafters will be exposed in the interior, but the exterior will be painted.

It is the policy of Secretary of War Baker and the council of national defense to award the contracts for construction to local contractors, where a local firm can be found of sufficient strength to handle the job.

There will be one contractor for each cantonment. He may sublet part of the work, but the government will deal with him only and he will be responsible for results. It is estimated that the establishment of each cantonment will cost the government about \$3,000,000.

General Barry's recommendation is not final. The power of review is left in the secretary of war, but it is believed he will put his O. K. on the recommendations of the department commander.

DUTY TO GROWING GIRLS AND BOYS

Look out for the boy or girl as soon as they reach the school age. Give them food that really nourishes. Equip them to arrive at manhood and womanhood in vigorous condition to take up the battle of life. If your child is thin and lacks vitality, feed him HEMO and increase his vitality. HEMO is a food—not a drug.

HEMO is a concentrated food made with the idea of supplying many of the elements needed in assisting nature to rebuild old blood cells and to manufacture new ones. It is so pleasing to the taste, so easy to assimilate, and so well tolerated by the stomach that a minimum amount of effort by the digestive system is required in converting the food elements into red blood corpuscles.

It is an ideal lunch for the boy or girl, or a pleasing beverage at meal time. Its use will convince you.

Makes a delicious food drink by simply adding water.

We suggest that you try a 50c package with our guarantee of satisfaction.

THE NATION'S NEED.

The response that is being made by the people to the Liberty loan is both inspiring and encouraging. Individuals and corporations alike are subscribing generously. Among the first of the latter being the National Biscuit company which took a half million dollars of the bonds. The B. & O. Railroad company has bought a million dollars worth of the bonds for its employees. To conserve what our ancestors fought for and to make the world safe for democracy the Liberty loan must be made a great patriotic success, for the future peace and security of the world are in the balance. Here is a real opportunity to help the nation. Now is the time for all good men to come to its aid.

OPPOSITION TO DRAFT.

The widespread plot to interfere with conscription shows that every center of irritation in this country will be encouraged by our enemies to ferment and produce violent acts. A series of anti-draft riots in our cities would be highly pleasing news in Berlin.

But alien spies need not think that riots can be produced to order in this country. The rioting that is so common in the capitals of the old world is a different kind of thing from the violence seen in this country. Mob action over there is commonly a protest against the tyrannies of governments, the hitting-back of people who cannot be held down indefinitely.

We have, it is true, had plenty of disgraceful mob violence in our own cities. But these are not attacks on the authority of government. They are commonly a revolt against industrial authority attempts to gain advantages in labor or to vent feeling in labor disturbances. Also, there are many race riots.

One finds almost no violence manifested here against our government, because the most submerged element feel that the government is friendly to them. The faults of our government do not lie in the direction of tyranny, but of business inefficiency. Mobs do not break heads for that reason. They are made up of too much of people who are themselves inefficient, so they do not feel keenly this fault in our government.

ATTRACTIVE ADVERTISING.

One of the reasons why the business of big metropolitan stores and mail order houses grows so fast, is that they get such attractive advertising. Anyone who has looked through catalogues and department store advertising for the past few weeks, must have been impressed with the cleverness of the drawings by which the announcements of spring goods were illustrated.

The cute little cuts of the new summer styles fascinate the feminine reader. Then there are always carefully written little statements of detail, which give an idea of the fabric and give information about styles. A woman looking over this material gets an impression that the advertiser has the latest styles at very moderate prices. In men's clothing and many other lines similar good results are gained by clever illustrations.

These methods of advertising are

open also to the smaller merchant. In many lines cuts can be had of wholesale dealers for the asking. Or if they have to be paid for they are gotten out at very low prices. They accomplish so much in attracting the eye to the store that surrounds them, that the dealer who does not use these methods suffers from the competition of those who employ them.

SERVING ONE'S COUNTRY.

The population of the world is 1,675,000,000, including the Bronx, and it is estimated that all but one of this number dislike William Hohenzollern and wish he would resign. He has been told this, but he doesn't believe it.

Just because 79,000,000 Germans, 50,000,000 Austrians and Hungarians, and 27,000,000 Bulgarians and Turks, of whom more than 22,000,000 wrestlers, break down and cry when he scolds, he thinks is Grand Exalted Ruler of the Ancient Order of Humans and first cousin to the Lord.

He won't quit of his own accord, but he will if 1,519,000,000 of us insist on it.

The most effective way of insisting is to get into the trenches. A great many have done it and a great many more intend to. A vastly greater many can't or won't.

The most effective way, and the easiest way, is to buy a Liberty bond.

You may be too young or too old or too ill or too timid or too poor to fight. None of these alibis applies to the Liberty Loan. The age limit for purchasers is one minute to 147 years old. If you are sick send Kenneth or Dorothy.

Timidity and poverty don't enter into the case. The bonds are as safe as buttermilk and as cheap as you want to make them. You can buy one for \$50 and pay for it as you would an encyclopedia, and no taxes can touch you.

Your neighbor who is killed at the front gives his life for his country and his country gives him credit. You who buy a Liberty bond give your country nothing but your support and confidence and your country gives you 3 1/2 per cent.

When you take three people to lunch and it costs you \$5 you may be doing good to four people, your guests and the proprietor.

When you deposit \$5 for a Liberty bond you are doing good to 1,674,999,999 people, including the 7,915,101 Norwegians and Swedes, all but five of whom are blondes.—Ring Lardner in the Chicago Tribune.

It is noticeable that the people who make fun of school graduating essays do not often sit down with pencil and paper themselves and try to put their own thoughts into logical form.

The principal trouble with the Consent of the Governed doctrine for Germany, is that so far the German people haven't consented to have the Consent.

So far as heard from no difficulty has been experienced in getting boys out to the farm camps in places where the Camp Fire girls are also located.

Reports from the big league ball parks indicate that there aren't spectators enough to catch the foul balls that come over in the grand stand.

If the bathing skirt of yesterday is the walking skirt of today, the question is what the bathing skirt of tomorrow will be.

Some people's objection to the Liberty bonds is not so much the rate of interest as that they need the money for cars.

The anti-draft plotters indignantly deny that they are agents of the Kaiser, as they persist that they are merely cowards.

Everybody in Russia favors energetic prosecution of the war and no one is willing either to fight or to work.

Among the most thorough food surveys are those made by the boys in the pantry after returning from school.

Hard cider is another beverage that can be made without wheat, rye or barley. And peach brandy, cherry bounce and a lot of other liquids that go to the head. So let the habitually thirsty fellows cheer up.—Pittsburgh Chronicle-Telegraph.

MORE THAN ELEVEN HUNDRED HAVE CONTRIBUTED TO LICKING COUNTY SOLDIERS' MEDAL FUND

Contributions from eleven hundred and eight people amounting to \$382.61 constitute the Licking County Soldiers' Identification badge fund to date. These figures do not include any contributions made today.

Yesterday contributions came to this office from ninety-six people, amounting to \$35.19.

One man sent a five dollar bill regarding that his name be withheld and several smaller contributions marked "cash" were also received. One little fellow gave nine cents. A Newark newsboy sent a dime. A used widow of a civil war soldier sent her mite and the parents of two boys now in the service sent a subscription.

Charles H. Wallace, grocer and Advocate agent at Buckeye Lake, seeing cash contributions announced from Uca, Johnstown, Kirtersville, Hebron and elsewhere, took an hour yesterday afternoon and solicited the people at Buckeye Lake with splendid results. Mr. Wallace sent down to this office \$20.80 as the offering of 71 people not including two contributions marked cash. The list of Buckeye Lake givers appears in this issue.

W. H. Kussmaul and Postmaster John Geach of Graunville are receiving money for this fund and other sections of the county are yet to be heard from. There is now no doubt that the fund will exceed the \$400 amount which was announced as the goal but as stated repeatedly, if the amount received is larger than is required, the surplus will go to the Red Cross.

Another thousand registration badges arrived this morning. Newark men who did not receive their badges on Tuesday may obtain them by calling at this office and presenting their registration cards.

By today's mail packages of registration buttons were sent to F. E. Hupp, R. D. 6, Thornville, for Bowling Green township men; J. W. Bartholow of Hebron for Union township; Everett Tharp, R. D. No. 7, Pataskala, for West Lima precinct; J. W. Booth, R. D. No. 2, Black Run; William A. Albert of Etta of Etta township, and W. H. Martin of Black Run, No. 1 for Perry township.

Simon and Mary Orr of Thornville have sent a contribution to the Licking county soldiers badge fund in honor of their two sons, Clarence E. Orr and Edgar Orr. Clarence is located at Trasucosca, Manitoba, Canada, where he is an inspector in a munition factory that is turning out 18 pound shells. He is a marksman, who is well known in Licking county. Edgar Orr registered for service on Tuesday.

Arrangements are being made with local engravers to engrave the names of the Licking county boys upon the bronze medals and the work will be started as soon as the shipment of 400 badges arrives. This work will be done at a price below the usual charge as a compliment to the soldiers' boys.

The Advocate desires a complete list of the Licking county men now in the service of the army and navy. In sending names be sure to write very plainly so that mistakes in engraving may be avoided. Send the man's name, the address to which

BUILDING SHIPS.

(Philadelphia Record.)

In ordering the lumber for 100 wooden vessels General Goethals pretty effectually disposes of the story that he heartily disapproves of the plan for the construction of steamships of wood and would use nothing but steel, if he could have his way. The truth doubtless is that, while he prefers steel for shipbuilding, he recognizes that wooden vessels have their value and that the most important question now is to construct boats as speedily as possible from the material available.

There are a number of shipyards in Maine, in Massachusetts, on the Pacific coast and in other parts of the country that have long been engaged in the building of wooden boats. They are anxious to do their patriotic bit, but cannot turn from wood to steel, as that would involve a complete revolution in their business. Their yards should be utilized, however, and so General Goethals and Shipping Board will have wooden vessels constructed in the larger and better equipped yards will turn out steamships of steel. This seems an eminently common sense and practical method of disposing of the matter. The great thing is to secure with the least possible delays boats for the transportation of food supplies to our allies. If they do that it is not a matter of great importance of what material they are constructed.

WE FIGHT DEFENSIVELY.

(Philadelphia Record.)

We are fighting Germany on the sea and in Europe to avoid fighting her on our own soil. If we do not break the power of Germany abroad we shall have to fight at home.

No person who is familiar with the literature of Pan-Germanism, on which a generation of Germans have been reared, has any doubt about this. The German Government has not even tacitly accepted the Monroe Doctrine, and German writers of the dominant class have invariably treated it with contempt and hostility. The attitude of Brazil and other South American nations is due to German's efforts to establish its political power within their limits.

In the war with Spain Germany backed the latter. Every opportunity was seized to bring about a European coalition against us. In Manila Bay Admiral von Dietrich was only restrained from turning his guns on our fleet by the certainty that if he did, the British

the medal is to be sent, and give also the name of the company and regiment or unit to which he is assigned. Only the name and address will be engraved, but the other information is desired for record. It is possible that 400 medals will not be enough. Every Licking county soldier or sailor must have one, so don't be afraid that the fund will be too large. No money will be wasted. The Red Cross will get every cent above the actual cost of the medals and the mailing. Within a few days the Advocate will be able to announce the exact cost of the badge, engraving and mailing.

With each medal is to be sent a letter saying that the badge is the gift of the people of Licking county and with it will go a printed list of the hundreds of contributors. If the reader wants his or her name in this list, act quickly because the final lists are about to be published. When the fund is declared closed all of the names of the contributors will again be printed. If errors of spelling or omissions have occurred in the lists already published the Advocate will be glad to have attention called to the matter in order that the final list may be complete and accurate.

Everywhere the plan of paying our boys this little compliment is heartily endorsed. The hundreds of voluntary contributions testify to its popularity. In only two instances have words of criticism reached this newspaper, and the Advocate feels highly gratified with the cordial reception given to the badge and medal suggestion which was made in these columns a few days ago. Those who have husbands, sons, brothers or friends in the service from Licking county are requested to furnish the names and addresses at once. Write plainly and be sure that the names are spelled correctly.

Admiral would join Admiral Dewey.

No one with any knowledge of international law has ever denied the perfect regularity of the sale of munitions by a neutral to either belligerent. Even Berlin and Vienna have not ventured to do that. But the German people are furious at us for doing what they did in our war with Spain and in the Russo-Japanese war, and if we had submitted to the submarine war it would not have saved us in the event of Germany winning the war with Great Britain and France.

If Germany were able to overpower those nations it would reinforce its fleet from theirs and then invite us to pay the cost of the war, or take the consequences, and this would have happened if we had never carried our opposition to the submarine campaign beyond the note-writing stage.

We have got to help France and Great Britain break the power of Germany, or we must face that power with no allies after the present war shall end in a dominant Germany. If France and Germany can overthrow the Philippines and Hawaii, Porto Rico and the Virgin Islands, and we shall either lose the Panama Canal or set a German fortification naval station set up near it.

"From Hamburg to the Persian Gulf," may not seem to concern us, but it does, for it is the base line of German domination of the world, which includes us, and we have got to defeat Pan-Germanism or take orders from it.

QUAKER QUIPS.

(Philadelphia Record.)

People who live in glass houses shouldn't even throw putty.

When he registers for conscription many a fellow hopes he'll win out by winning in.

With our shipment of foodstuffs, Uncle Sam is casting his bread upon the waters.

Hoay—"This room is frightfully warm." Joax—"I don't see how that can be. It has a frieze around it."

When the war drama is concerned all the world's a stage, and the stay-at-home folks privileged to occupy the critic's seat.

When a fellow's name is Samuel and his father's name is David, would he be justified in referring to himself as one of the sams of David?

"Remember, my son," admonished the stern parent, "there are some things that money can't buy, and you can't have them charged to papa, either."

THE RESPONSE

As We Hope

(Chicago Tribune)

It looked extremely doubtful, that great war did the Swiss, and then, with Bethmann-Hollweg in the box and Hindenburg to catch, and with Zimmerman at second, he of the gumshoe plot, and And Hohenzollern coaching and yelling "Me and Gott."

And then, when mighty Nicholas, emerging from the trench, struck three times at the atmosphere and set down on the bench. Believe me, little children, 'twas then no time to shout. It seemed as if those dear Allies were really down and out.

The neutrals all got up to go—Big Nor- way and Kid Switzerland, Alfonso in the lead. Said they: "This Hohenzollern guy was not so decent on the bench. There isn't any chance to cheer for Haig and Haig and Joffe." And we could hear them growling, as they walked through the gate: "If only they had sent old Montenegro to the plate. That bird he would have copped for us a few Teutonic scapels! Remember what old Monte did to them Tyrolean Alps!"

The last half of the ninth arrived, and here is what occurred: John Bell had lined a single out and France was safe at third. The score was tied, two men were out; Roumania's turn to bat. Roumania from a minor league, and very weak at that! Then Captain Liberty spoke up, remarking, "I suppose it's up to me to pick a guy who'll crack one on the nose. I'll trust no busher in this spot with victory in view. Sit down, Roumania! Old Sam goes up to hit for you!"

Beth Hollweg looked at Wahoo Sam and he was nervous now. He took his sweaty hanky and he wiped his sweaty brow. He wondered whether Sam preferred a fast one or a curve. He couldn't see Gus Hindy's signs, for he had lost his nerve.

And now Beth Hollweg tries to sneak a fast one over the pan. And now the crowds are hollering as only Yankees can! And now the hands are playing from Frisco to the Hub. For Wilhelm's asked for waivers on his whole verdammt club!

That the pipe was, in the earlier days of smoking, passed round the table—one man taking a whiff or two, and then handing it to his neighbor? Thus, one pipe of tobacco would suffice three or four men at once. Tobacco pipes are made of various materials, the commonest in Europe being a fine white clay, which has consequently received the name of pipe-clay. Aubrey, writing in 1680, says that tobacco smokers at first used silver pipes, "but the ordinary sort made use of a walnut-shell and a straw." In the reign of William III pipes were occasionally made of brass and of iron. The Scottish cutty-pipe and the Irish duden are short clay pipes.

VOLUNTEER NOW TO AVOID DRAFT SAYS CO. B RECRUITERS

Lieut. Koepfel, of Company B, Fourth Ohio Infantry stated today that unless the men of Newark enlisted more briskly the headquarters here would not be maintained later than Saturday. The company has to secure 50 men before the sixteenth of June, and Lieut. Koepfel states that unless twenty-five of these are secured in Newark by Saturday, the headquarters will be moved to another city, where the response is better.

Only one man applied for enlistment, Merv. Tharp, of Johnstown, who applied yesterday.

Since registration the response to recruiting has been very listless, and this in face of the fact that but a limited time is given to bring the O. N. G. units up to war strength. It will be necessary to seek a new field other than Newark for the work.

Licking county gets credit for all the volunteers enlisting who actually make their permanent homes in the county. When the county's quota for the draft is figured out, all Licking county volunteers will be checked against that quota.

First Sergeant Sam'l Smith and Corporal John Schmitt of Co. B, 1st Ohio Infantry, Cincinnati, visiting friends in the city, called at the recruiting station this morning, and Lieutenant Koepfel made arrangements with the two men to demonstrate semaphore signalling, an art which every enlisted man must know. The demonstration will be given on the public square at 6:30 this evening.

Young men enlisting in Company B, will have the advantage of being under the command of officers with actual war experience. The commissioned officers and many of the noncoms saw service during the war with Spain.

Mrs. W. D. Cunningham was hostess to the last meeting of the summer of the Clover Leaf club at her home, 323 Buckingham street, Tuesday, June 5. The house was beautifully decorated, the color scheme of red, white and blue being effectively carried out. Victrola music was thoroughly enjoyed, also a contest, the prizes of which were awarded Mrs. C. A. Hill and Mrs. John Uffner. The luncheon which consisted of seven courses carried out the effect also of red, white and blue. Dainty crocheted baskets, the handwork of the hostess, containing red, white and blue mints were given as favors to the following guests and members: Mesdames Thomas Coulter, Harry Marple, David L. Allen, W. D. Cunningham, James M. Heft, Wm. Henry, Clarence A. Hill, L. D. Perkins, Chas. Ogle, Bernard F. Stover and John Uffner.

The City Federation of Women's Clubs will hold the last regular meeting of this year on Friday afternoon at 3 o'clock before the meeting and it is suggested that every member attend the meeting.

Mrs. C. W. Miller of Hudson avenue, was elected on Wednesday afternoon, as president of the Woman's Music club to succeed Mrs. Harry D. Hayes, who recently resigned.

The meeting was held yesterday, and Mrs. Miller, who has been a director on the executive board was chosen as head of the organization. Mrs. Miller has been prominent in music circles in Newark for a number of years, and has been active in any work tending toward the progress of music in the city. The vacancy on the board of directors occasioned by Mrs. Miller's election has not been filled.

"Before I took Tanlac I was all run down. My stomach troubled me, and I had to be careful about what I ate. I had that draggy, tired feeling."

"I was nervous, too, and couldn't sleep soundly. I got up almost as tired as when I went to bed, but I do not feel that way now. I think Tanlac is a mighty fine tonic, and I want to recommend it as a good medicine and system builder."

Tanlac is purely a vegetable tonic, made from roots, barks and herbs, and is especially designed to build up run down people. It has helped thousands who suffered with disordered stomach, liver and kidneys. If you need a good tonic get Tanlac today. It will do for you what it has done for thousands of others.

Tanlac may be obtained in Newark at Erman's Arcade drug store; in Alexandria at C. M. Gilmore's; in Pataskala at J. R. Strine's; in Granville at W. P. Ullman's.

AUSTRIANS CLAIM CAPTURE OF 10,000 ITALIAN SOLDIERS

(ASSOCIATED PRESS TELEGRAM)
London, June 7.—The capture of more than 10,000 Italians in three days is claimed in the Austrian official statement issued on Wednesday. The text of the statement follows: "Eastern theatre: On the Oluz Road a weak enemy thrust was crushed by our barrage fire. Otherwise, there was only more lively infantry activity in places."

"Italian theatre: The enemy yesterday exhausted himself in fruitless attacks between the Vipacco Valley and the sea intended to wipe out the defeat he suffered in the last few days on the Carso Plateau. His assaults were shattered. Our troops, by storming a height near Jamino enlarged their success and fierce battles maintained all ground won."

"According to preliminary reports the prisoners in the last three days have been increased to 256 officers, including four staff officers and ten thousand men. Some Italian regiments fell into our hands unopposed, with nearly the whole of their effectiveness. For instance the 86th regiment with 2,686 men, the 69th regiment with 1,932 men and the 71st regiment with 1,831 men. The brigades of Verona, Syracuse, Puglia and Ancona, in whose ranks these units fought, were annihilated. In a tunnel near San Giovanni a large field hospital was captured. The battlefield is covered with Italian corpses."

ITALIANS CLAIM ADVANCE.
Udine, June 6, via Paris, June 7.—The Austrian advance on the whole Carso front shows that the enemy command, after repeated attacks in the Vodice zone, though it necessary to make a supreme effort on his left wing, where every Italian gain constitutes a double threat on Laibach and Trieste. General Borsevich's assaults failed entirely before the determined resistance of the Italian troops, who even made a further advance between Castagnarizza and Volcizza, the tract dominating the Brestovizza road, threatening the Hermada stronghold. The modification of the line in the center, south of Jamiano, is due to the fact that the Austrian artillery on Hermada could still sweep the front of the new Italian positions. The whole situation is practically unchanged and the Austrian positions are still closely pressed and menaced by the gains made by the Italians in their last advance.

People Everywhere Recommend KREAMOL SHAMPOO

Men and women, also the "kiddies" will find it a pleasant, beneficial method of cleaning the scalp and hair.

KREAMOL not only removes the dust, dirt and dandruff but brings out the life and lustre of the hair—keeps it soft, fresh and healthy in appearance.

Mrs. Frank Thornton, Athens, Ohio, writes:—"Your Kreamol Shampoo gives entire satisfaction. It removes dandruff and gives a gloss to the hair, that other kinds of shampoo does not give. After using it my friends remarked: 'What a pretty gloss your hair has, and I answered: 'Kreamol Shampoo has done that.'"

Mrs. J. M. Fenton, Swanton, Ohio, writes:—"Your Kreamol Shampoo is the finest I have ever used. It left my hair soft and silky and made it easy to put up. It is easy to wash one's hair with Kreamol."

Mrs. Daisy Isom, Bloomington, Ind., writes:—"I will never be without Kreamol Shampoo again. It is a necessity. For cleaning the hair and scalp, your Kreamol is unequalled. I can and certainly will recommend it to my friends."

Mrs. J. E. Kincaid, Helena, Ga., writes:—"I have found your Kreamol Shampoo to be the most wonderful shampoo I have ever used, and I have tried a great many different kinds. It stops falling hair, cleans the hair and scalp, prevents dandruff and gives the hair a luxuriant appearance. I wish everyone might know of this wonderful shampoo."

Mrs. Elsie Stinnette, Wolcottville, Ind., writes:—"I am more than pleased with your Shampoo. It cleans the scalp and removes dandruff. It also leaves the hair in a nice condition. I think it is far superior to any that I have ever used in the way of a shampoo. If people will once use Kreamol, they will have nothing else."

Mrs. P. C. Glitzer, Lamar, Mo., writes:—"I am delighted with the results from using Kreamol Shampoo and can certainly recommend its use to remove dandruff and prevent falling hair. It leaves the hair clean and sweet when through washing."

Mrs. H. B. Rice, Cerro Gordo, Ill., writes:—"We find Kreamol Shampoo the greatest. Shampoo we have ever used. It is so nice for the scalp and we hope that it will always be able to obtain it."

Mrs. A. R. Spencer, Munfordsville, Ky., writes:—"Your Kreamol Shampoo is very satisfactory. It has almost stopped my hair from falling and the itching of the scalp has been very much relieved."

Mrs. W. C. Deasy, Portland, Tenn., writes:—"I feel safe in saying that your Kreamol is the best preparation I have ever used for cleaning the hair and scalp. I certainly will recommend it to my friends."

Mrs. L. J. Draegert, Silver Creek, N. Y., writes:—"I think Kreamol is the best Shampoo I have ever used. It is certainly wonderful the way in which it removes dandruff. Will never be without it."

Miss Gladys Le Master, Kokomo, Ind., writes:—"Your Kreamol Shampoo is all that you recommend it to be. I have used it several times and the dandruff is nearly all gone and it is fine for the hair. Will surely recommend it to my friends and hope I shall never have to be without it."

NEVER USE A CHEAP, ORDINARY SOAP TO WASH YOUR HAIR. Such soap is likely to contain too much alkali and will dry the scalp and is liable to make the hair hard and brittle.

You can get KREAMOL at any drug store. A 50 cent bottle should last a family many weeks. Get a bottle of Kreamol today and try it. **YOU WILL BE MORE THAN PLEASED.**

Kreamol is sold at Evans' Drug Store (Warden Hotel Block), Newark, Ohio, and Ullman's Drug Store, Granville, Ohio.

SILVERSHELL WAS U. S. VESSEL WHICH WINGED U-BOAT

Paris, June 7.—The American steamer Silvershell has had a battle with a submarine in the Mediterranean. After an exchange of 60 shots the submarine disappeared. Details of the fight were made public today by the ministry of marine. The Silvershell, commanded by Captain Tom Charlton, sighted the submarine on May 30. In the running fight which followed, the American boat proved speedier than its enemy and seemed to be master in gunfire. The disappearance of the submarine was sudden.

The Silvershell is a steamship of 5,605 tons owned by the Shell Oil company of California. She sailed from America early in May with a crew of 43 men of whom 15 are Americans. Her commander comes from New York.

EXCHANGED 60 SHOTS.
Washington, June 7.—The Silvershell is the steamer referred to in yesterday's state department announcement that she sunk a German submarine after an exchange of 60 shots in a running fight of a hour and a half. The state department did not announce the name of the steamer because it has been this government's policy not to disclose the names of ships having engagements with submarines because officials feel it marks the ship for further attack as they believe was the case with the Mongolia. That vessel, after having once been identified with a submarine encounter has repeatedly been attacked as though the submarine flotilla had set about especially to destroy the vessel which had the temerity to engage it with such persistence. It has been the policy also not to identify the gun crews on merchant ships so as not to add to their hardships in case of capture. The British have followed this same policy because in cases where the Germans have identified a gun crew or a commander as having attacked or sunk one of their submarines they have subjected the prisoners to unusual severity.

William J. Clark of New York, a warrant officer from the battleship Arkansas, commanded the armed guard aboard the American steamer Silvershell, which sunk a German submarine in the Mediterranean.

"It was a splendid piece of work," Secretary Daniels said today, "and we are now considering promotion for Clark who well deserves it."

The navy department received word some days ago of the action between the Silvershell and the submarine. Inquiries were made promptly of the naval gun crew at the port where the ship had arrived and the account of the battle was confirmed. Secretary Daniels said his advice added nothing to the details of the fight already published.

As turret captain of the dreadnought Arkansas, Clark has held high rating among warrant officers of the navy and was selected to command the guard on the Silvershell because of his ability and steadiness proven through years of naval service. In some other instances warrant officers are in command of the gun crews although in the majority of the cases the men are under commissioned officers.

Secretary Daniels did not say what grade he was contemplating in the promotion for Clark.

Rear Admiral Lacaze, minister of marine, said it was unknown whether the submarine was sunk by a shot from the Silvershell or submerged voluntarily to avoid further punishment. It was always impossible, he said, to ascertain whether a submarine which disappeared had been destroyed unless wreckage was discovered. Later, nonetheless, he considered the result of this engagement highly creditable to the Silvershell.

News of this occurrence was received with immense satisfaction by the French public, coming after the announcement that an American squadron had arrived at a French port. Admiral Lacaze referred to the value of this co-operation and laid emphasis on the multiplication of patrols, with the assistance of hydroplanes, as the quickest way of disposing of submarines.

The other members of the Silvershell crew were George R. Briner, Jameson, Md.; Thomas F. Atwell, Providence, R. I.; Frank Brousseau, South Bridge, Mass.; Joseph S. Celon, Ansonia, Conn.; Donald F. Chisholm, Jersey City; Walter R. Hearn, Boston, Mass.; Thomas J. Leahy, Springfield, Mass.; Wm. Martens, Brooklyn, N. Y.; Lea Maurer, New York City; J. L. Patterson, Forsythe county, Georgia; Lawrence B. Ray, Burnsville, N. C.; Herman L. Seedorf, Brooklyn, N. Y.

WAR TAX ON CHECKS AND DRAFTS PROPOSED

Washington, June 7.—A new tax of two cents on all bank checks and drafts over \$5 expected to raise about \$1,500,000 in revenues, was added to the war tax bill today by the Senate finance committee. The committee also struck out all house taxes on dues of social, athletic and sporting clubs which \$10,000,000 in revenue were expected.

The new taxes on bank checks of more than \$5 would be payable by stamps affixed by the drawer. Other documentary stamp taxes approved by the committee were on bonds except indemnity and surety bonds, which were exempted, capital stock, sales and transfers and sales of produce exchanges.

The House tax on club dues of ten per cent was struck out with the understanding that some other form of tax may be later imposed.

NOTICE OF APPOINTMENT.
Dea. of Harry H. Baird, deceased. Dea. R. Baird has been duly appointed and qualified as administrator of the estate of Harry H. Baird, late of Jackson County, Ohio. Dated this 6th day of June, 1917.

New York, June 7.—Another wave of bullish sentiment swept over the stock market at the beginning of today's operations, carrying most of the leading individuals to highest prices of the year, and creating new records in several noteworthy instances. United States Steel's first transaction of 5000 shares at 122½ to 123½ was equivalent to the new record of 127½ allowing for the recent dividends of 4½ percent. Other equipments as well as munitions substantially augmented the advance. Bethlehem Steel, new and old shares, rose 2 and 2 points respectively. Industrial American, old and new, advanced 1½ points. In the afternoon market, however, the advance was checked, and the closing was a fraction of that quotation. Bethlehem Steel, new stock, increased its advance to 2½ points and the old stock to 2 points. Barber Shops Close

THURSDAY AFTERNOONS

The county commissioners and trustees of the city library met yesterday afternoon in joint conference relative to the proposition made by H. H. Hull to give the county a debt his large brick home in West Main street for a county and city library.

"Respecting Attorney Chas. Flory and Edward Kider, Sr., were appointed to draft resolutions to be presented to the county and city boards if approved will be presented to the city council for ratification. The resolutions will relate to the upkeep and maintenance of the proposed library."

Barber Shops Close

THURSDAY AFTERNOONS

The barber shops of the city are enjoying a half holiday this afternoon, the boss barbers agreeing to close their shops through the months of June, July and August on Thursday afternoons. It is the first time the shops have closed through the summer months for half day holidays. The men in the trade are all anxious to take this afternoon longer down with fishing paraphernalia and expect to return with big catches. "Butch" Teusher may organize a class in mending for barbers and instruct them in the work on the five acre patch just outside the city.

EECHAM'S PILLS

at Sale of Any Medicine in the World. In boxes, 10c, 25c.

THE BEST TEST

Is the Test of Time.

Years ago this Newark resident told of good results from using Doan's Kidney Pills. Now Mrs. Chas. Gartner of 131 S. Second St., confirms the former statement—says there has been no return of the trouble. Can Newark people ask for more convincing testimony?

Mrs. Gartner says: "About a year ago, my back gave me a great deal of trouble. I couldn't sweep my house, do washing or ironing, but what I suffered severely from dull pains across the small of my back. I often had to go and sit down and leave my work undone. Another of the family had been helped so much by Doan's Kidney Pills, that I bought some at Evans' Out-Rate Drug Store. They benefitted me right from the start and a few more boxes cured me completely." (Statement given September 15, 1914.)

Permanent Results.

On February 7, 1917, Mrs. Gartner said: "I gladly praise Doan's Kidney Pills again. The cure they made for me when I was suffering from kidney trouble has been permanent."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gartner has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. C-4-7

MARKET UP OR DOWN

You always want to secure the most for your produce whether it be hay, grain or wool. You will always patronize the firm that treats you square and advises you right. The markets today are not as staple as before the war, so it is to your advantage today more than ever before to rely upon the firm that has always treated you square. The firm of Morgan & Roberts are in a position to give you advice and assist you in the disposal of your products to the best advantage to you. 22 Canal street, Newark, O., is their office. 6-7-11

RALPH D. COLE TO DELIVER ADDRESS AT ELKS' FLAG DAY

The committee has about completed arrangements for the observance of Flag Day, June 14, by the Elk lodge of this city. James R. Fitzgibbon has been named as the master of ceremonies and will have charge of the exercises which will be conducted from a large platform to be erected in front of the Elk club rooms.

The Buckeye band has been secured and will render a concert in the evening from the platform. The concert will last from 7 until 8 o'clock after which Hon. Ralph D. Cole will be introduced and deliver the principal address of the evening. He is an eloquent orator of more than ordinary ability and his address will be pleasing and interesting.

The public is cordially invited to turn out and assist in the proper observance of Flag Day. The Elk lodges all over the United States hold services and have for the past several years. Just before Mr. Cole's address a large flag will be raised over the Elk building and will swing to the breeze from a twenty-foot flag pole.

NO DYSPEPSIA HERE

It's no wonder you are a dyspeptic. There is no reason for your being one if you will only quit eating half cooked food and get a good meal Served Right. All the little delicacies of a delightful, well cooked meal such as you have served at home may be enjoyed at McDaniels' restaurant, where you are Served Right. Mac knows how to serve his meals and knows how to cook them. That is the reason for his success. You always go back, once you have eat a meal at McDaniels. They SERVE YOU RIGHT.

FLOOD OF LIGHT

It will not be many years until every farm will have its own lighting plant, indeed the number is increasing amazingly fast. G. L. Swartz, who lives few miles south of Newark, installed a Delco Lighting System on his farm and he would not be without it, besides he says it increases the value of his farm. It is easy to operate and it is just like living in the city. Turn a button and you have a flood of light. J. M. THOMAS, 47 South Third street, Newark, would like to talk to you about this wonderful lighting system for the farm. 6-7-11

ALHAMBRA.

Tonight.

Carlisle Blackwell, June Elvidge and Arthur Ashley, a glittering galaxy of film favorites, are seen in the newest World-Picture, Brady-Made entitled "The Page Mystery," which comes to the Alhambra theater tonight. There is the most striking kind of a mystery in this feature, and the manner in which it is solved is unique and fascinating. See this production and be royally entertained.

Friday and Saturday.

"His Father's Son" is a big play, written by two big men. In it are two big stars. The play is dramatic; it also is filled with humor. It is a rattling good story, well put together, well brought out on the screen.

The situation presented is catchy and unusual. It grabs your interest right from the start. A millionaire is "burning up" his father's money. The old gentleman closes the treasury. He tells the youngster to get to work and gets him \$5000 he can't hold a \$60 a month job for thirty days.

Then Young Mr. Man starts out in his racing car to seek the job. He gets one as a butler. He falls in love with a pretty girl. He prevents a bogus English lord from commit-

ting a big jewel robbery. And he wins the \$5000 and the girl.

It takes a star of Mr. Barrymore's range to do this play. It combines humor and pathos on the screen, to play the part of "son" in "His Father's Son." He has entered with all his imitative genius into the powerful situation presented by those sterling playwrights, Channing Pollock and Renold Wolf, and the result is being a masterpiece of the screen. Captivating Irene Howley also is seen at her best.

"Twentieth century prodigal son" comes back to his father's home. He is a great success. Wins \$5000 and a girl. See Lionel Barrymore and Irene Howley in "His Father's Son."

Auditorium.

"The Silent Partner."

The Auditorium held good crowds all day yesterday and the initial showings of Paramount features at that theater starts off with a bang.

Blanche Sweet is seen again today in the Jesse L. Lasky production "The Silent Partner." A thrilling drama of business and social life by Edmund Gilling.

In "The Tides of Barnegat," Miss Sweet was seen as a school teacher in a small Jersey town. In her latest success she is discovered as the secretary of a busy New York stock broker. How she discovers her employer is being robbed by his partner, how she aids in dissolving the partnership and how, eventually, although discharged, saves her employer's fortune and good name is presented in a most unusual and startling manner.

"The Silent Partner" was produced for the Lasky Co. under the able direction of Marshall Neilan, and the excellent cast supporting Miss Sweet is composed of such prominent artists as Thomas Meighan, Ernest Joy, Mabel Van Euren, George Herbert and Florence Smythe.

As an extra added feature a good two reel Fox comedy, "Cloud Punch-

ing a big jewel robbery. And he wins the \$5000 and the girl.

"The Book Agent."

Harry Kelly's smile not only sold a set of books to the rich invalid, Crandall Barker, but won him a position as companion. This was particularly agreeable to Kelly, for Mollie Lester was Crandall's nurse. Quite a nurse, too. Kelly had met her before when he attempted to dispose of his books among the inmates of a girl's school. When he found out that several schemers, the Rev. A. Ginein, Dana Sneed and Dr. Newdome were trying to work Barker for money, Kelly came to the rescue and exposed them. He also stumbled across the identity of Mollie as Barker's granddaughter. The old gentleman was so pleased with finding the girl his relative, that he encouraged Kelly to join the family; and Kelly did.

This picture will be the Auditorium attraction Friday and Saturday of this week.

Mary Pickford's Sunday.

Mary Pickford's friends, and there are many of them here, will be glad to know that she is to be seen once again in Eleanor Gates' great story "A Poor Little Rich Girl." This feature produced by the Artercraft Corp. has a tale of particular heart appeal throughout, offering many smiles and situations of humane charm. "A Poor Little Rich Girl" affords the incomparable "Mary" a screen play which allows the fore-

going success of both the book and the play has been great, the subject as presented on the screen with Mary Pickford in the title role, will only now actually come into its own. As an extra added feature "Happy Golden" a singer of clever coon songs will be heard in several selected selections.

Do you really clean your teeth?

Tonight, after you brush your teeth, examine them closely. What will you find?

In all probability an accumulation of tartar on the enamel and bits of food deposit hidden between the crevices. Your dentifrice does not REALLY CLEAN!

Loss of teeth is usually caused by Pyorrhea or decay. Both usually develop only in the mouth where germs laden tartar is present.

SENRECO, a dentist's formula, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. It is particularly destructive to the germ of Pyorrhea. Yet it is perfectly SAFE, containing neither injurious chemicals nor hard grit.

COLORS OF THREE NATIONS MINGLED AT RED CROSS BALL

Assembly Hall was a mass of the national colors, French and British flags on Wednesday evening when the patriotic dance for the benefit of the Newark chapter of the American Red Cross was given. The event was a delightful success, both in the amount of the proceeds realized for the benefit of the Red Cross and in a social way.

Every available space was filled with American flags, and at one end of the hall beautiful big flags of the United States, England and France, owned by Mrs. Henry Fleek, intermingled. The dance program by Mrs. Fields orchestra was a delightful one, and Mrs. Fields and the orchestra members donated their services. The dancing of Ruth Ludwig pleased greatly, and a nice benefit was realized from the sale of food and confections during the evening. Miss Alice Bowser of Columbus sang during the evening.

Over one hundred and fifty tickets were sold, and a large crowd was dancing during the entire evening. The exact amount of the proceeds will be announced as soon as the various reports are received. The dance committee of the Country club as follows had the dance in charge: Messrs. and Mesdames Robbins Hunter, C. W. Miller, Joseph Sprague, Howard Upson, Misses Mary Sherwood Wright, Mable Jones and Dorothy Edmiston.

METROPOLITAN AGENTS SELLING LIBERTY BONDS

The Metropolitan Life Insurance company, through its agents and superintendents is aiding the government in its campaign for the sale of Liberty Loan bonds, and like other institutions is doing the work without commission. Instructions have been issued to the agents to make special effort in behalf of the loan. President Wilson has endorsed the work in a letter to Haley Fisk, president of the company, which follows: "My Dear Mr. Fiske:

"May I not express my very great appreciation of the work you are doing to assist in the purchase of Liberty bonds among your employees and among your policy holders? This is practical patriotism of a very fine sort."

"Cordially and sincerely yours, (Signed) Woodrow Wilson." Anyone interested in the purchase of the bonds can secure further information by calling J. G. Fulton, deputy superintendent, in charge of the local office in the Hibbert & Schaus building.

The company is also making special arrangements by which its field force can purchase bonds by paying in installments.

The local office already has sold a number of bonds and has prospects lined up for others.

PHLEACTINE, NEW WONDER WORKER FOR HAIR GROWTH (Cures Even the Roots to Come Out)

By an entirely new and perfectly harmless method, any woman afflicted with a growth of superfluous hair can now remove the disfigurement completely—roots included—in just a few seconds. Isn't that glorious news?

The recently discovered phleactine process is altogether different from electrical depilatory and other methods heretofore employed for the purpose. It is the only thing that enables one to remove roots and all in one's own home without expert assistance.

The result cannot be doubted, for the user sees the hair-follicles with her own eyes. A stick of phleactine, with simple instructions, can be procured at any drug store. It is odorless, non-irritating, non-poisonous (a child could eat it without injury). Always sold with a money-back guarantee. The method is so thorough that the skin left perfectly smooth and hairless, bearing not the least evidence of its former blemish.

Hendren Bound Over.
At the hearing before Mayor R. C.
Bigbee yesterday afternoon, Ora
Hendren, charged with poisoning his
wife, who died May 7, was bound
over to the grand jury in the sum
of \$1000, bail, which he gave. The
case will be investigated when that
body meets next September.

Otsego Oil Dividend.
A 10 per cent dividend was de-
clared by the Otsego Oil & Gas com-
pany yesterday afternoon. This
makes \$150,000 in dividends paid by
the Otsego company on a \$250,000 in-
vestment, or six times the amount of
the investment. At a recent meeting
of stockholders held at Zanesville,
Dr. J. G. Shriver, of this city, was
elected one of the directors.

Market Man Bound Over.
E. L. Rollins, who has a stand at
one of the markets, was bound over
to the grand jury by Mayor R. C.
Bigbee yesterday afternoon on a
charge preferred by Mary Wright,
who claims that he did not give her
the proper change when she made a
purchase at his stand. Mr. Rollins
gave bond in the sum of \$50 until
the grand jury meets and investi-
gates the charge.

dred.

RED CROSS STARTS DRIVE TO RAISE A PART OF BIG FUND

Newark and Licking county are to
do their "bit" in the national cam-
paign June 18-23 to raise \$100,000,
000 for the Red Cross, according to
the program mapped out by Presi-
dent Wilson and the National Coun-
cil for Defense. During that week
every county in every state of the
Union will be simultaneously en-
gaged.

The work for Licking county will
be under the auspices of the New-
ark Chapter of the Red Cross, and
the seven branches in the largest
towns and villages. The rural dis-
tricts will be covered through the
grange organizations and agricul-
tural societies. Homer C. Price,
chairman of the Agricultural Bureau
of the Chamber of Commerce, who is
a prominent granger, is enlisting the
attention and interest of the farm-
ers in the war relief movement.

Preliminary plans for the cam-
paign, which will be the biggest ever
put on in Licking county, were for-
mulated yesterday afternoon at a
meeting in the Park National bank.
Rev. L. P. Franklin, president of the
Newark Chapter of the Red Cross,
presided. An executive campaign
committee was formed which in-
cludes E. C. Wright, chairman, W. H.
Maze, A. R. Lindorf, J. J. Car-
roll, Dr. W. H. Lewis, Ernest W. C.
Miller, Wilson Hawkins, superintendent
of schools; Frank L. Johnson,
secretary of the Y. M. C. A.; Geo.
H. Mosser, manager of the Chamber
of Commerce.

Headquarters will be established
at the Chamber of Commerce.
There will be eight main divisions,
under eight division commanders.
Each division will be composed of
five teams of five men under a cap-
tain. This will provide a force of
200 volunteer workers.

These workers will devote the
whole week to calling on the pros-
pects listed by the executive com-
mittee. It is the plan to ask everyone
to give his or her portion to the Red
Cross for this war-relief work.

The various patriotic and civic or-
ganizations, secret and fraternal or-
ders, trades and labor bodies, and
the public generally, will be asked
to lend every effort so that Licking
county, which has made such a
splendid reputation in the registra-
tion work, will hold up her end in
providing for the men who are
stricken on the field of battle.

A vigorous program of publicity is
being arranged. The newspapers
will participate and other modes of
publicity will be used to thoroughly
arouse our people to the urgent need
of contributing their money and their
services to this work. It is believed
that when they are thoroughly
aroused to the fact that United
States is in war and that everyone
must do his or her share, the re-
sponse will be what is desired.

At a meeting this afternoon in the
Chamber of Commerce rooms, the
temporary plans are being made per-
manent and the corps of volunteer
workers is being formed.

GRANVILLE HIGH GIVES DIPLOMAS TO 19 GRADUATES

(Special to The Advocate)

Granville, O., June 7.—The 45th annual commencement of the Granville high school was held on Wednesday evening, June 6, in the Presbyterian church, with a large and interested audience in attendance. The program was unusually interesting, each speaker taking as his theme the progress made in various national activities during the twelve years the present class has been in school. "Progress in Business," Edward Hutchins; "Science," Frank Jones; "Education," Mabel Draper; "Woman's Progress," Eva Price; "Social Progress," Eva Thomas; "Political Progress," Robert Case; class address, Dr. J. H. Francis, superintendent of schools, Columbus. Music of a high order of merit was furnished by Miss Ruth Rockwood at the organ, who played in opening the "Pilgrims' Chorus" from Wagner, and in closing, the march and chorus from "Tannhauser"; by the junior high school in "My Lady Clo"; by Goldie McClain in a vocal solo, "Joy of the Morning," and by the audience in "America." The invocation was offered by Rev. E. D. Barnes, and the presentation of diplomas was made by Dr. J. W. Rohrer, clerk of the board of education. The alumni banquet was held in the social rooms of the Presbyterian church, immediately following the exercises. For this a choice menu was offered by the King's Daughters and a delightful after-dinner program by the alumni committee. The speakers were: William Acord, 16; Geneva Given, 17; Mary Linnell, 17; Supt. C. A. Cockayne, and the address was delivered by Prof. August Odebrecht, representative of school board; music was furnished by Faye Hulshizer, 15, piano, and Mrs. J. W. Rohrer, soprano, who delighted the company with choice selections.

The class-roll includes Dorothy Phelps Ackley, Ida Blanche Brown, Orpha Ellen Brown, Robert Leland Case, Daniel Thomas Davies, Mabel Cecilia Draper, Nellie Lois Flory, Geneva Given, Anna Rose Gumbish, Harry Thomas Hinton, William Philip Howe, John Edward Hutchins, Frank Pierce Jones, Paul Wesley Kinney, Goldie Faye McLain, Grace Louise Owens, Eva Price, Madie Irene Sayre, Eva Marie Thomas.

Commencement visitors will be highly favored this year in being granted a view of an art exhibit by the cosmopolitan artists, Mr. and Mrs. A. C. Fauley, who have painted in Holland, Italy, France and other countries of Europe, as well as in various localities of the United States. There is a decided difference in Mr. and Mrs. Fauley's methods. Though recent work of both is more or less impressionistic, there is a difference in the impression. Mr. Fauley gets his impression and renders it directly, generally in one painting, while Mrs. Fauley works in more broken color and heavier pigments, letting the colors combine at a distance, to produce the impression. Canvases of different periods have been selected for this exhibition, showing the gradual changes in handling and composition. The third floor of Cleveland hall will be devoted to this purpose beginning on Monday. In addition to the Fauleys' own work will be shown the year's output of Mr. Fauley's pupils in the Columbus School for Girls. The public is cordially invited to this unusual exhibit of fine paintings.

R. S. Edwards of Des Moines, Ia., arrived in Granville this morning, where he joined his wife and son at the home of Mr. and Mrs. Burton Case, Mr. Edwards, who for the last three years has been at the head of the Chicago grain brokerage office of Lamson Bros., in Des Moines, has severed his connection with that firm in order to engage in the cash grain

business for himself. His future location will be at Eaton, Ia. Kenneth Ullman, 18, who has been assistant to H. R. Colby, manager of the Delco company in Memphis, Tenn., arrived at the home of his parents, Mr. and Mrs. W. P. Ullman, Tuesday night, where he will visit for a fortnight.

Mrs. Frank Ray, who spoke in behalf of the Red Cross at the flag-raising exercises in Alexandria, Tuesday, scored a great success and received another invitation to speak. However, she and her daughters will start for California on Friday where they expect to meet the steamer "Venezuela," which is bearing Prof. Ray from Russia via Japan, and which lands about the middle of June.

WHITE SUED FOR PINK UNDERWEAR BOUGHT BY WIFE

New York, June 7.—Mrs. Olive Celeste White, former light-opera singer, wife of Archibald S. White, Cincinnati, promoter and well-known banker, was sued yesterday in supreme court for \$16,519, which is said to represent the amount of hats, lingerie and other wearing apparel bought by her from November 1, 1915, to April 11, 1917.

It is a wondrous wardrobe of fine feathers, furs, laces and silks that is enumerated by Jane & Andree, the modistes, who are suing Mrs. White. In the few hundred items are included numerous filmy combination suits at \$75 each; silk underwear in pink, red, cream and other hues costing as much as \$60 a suit; silk stockings, 24 pairs of them, at approximately \$7.50 a pair; and a bathing suit at \$80. Then, too, there are included in the alleged purchases by Mrs. White imported coats and dresses ranging as high as \$375. Once before, eight years ago, Mrs. White's taste for fine things was responsible for a suit. At that time Bagg & Co., diamond dealers, sued her banker-husband for \$35,000 for gems which they alleged she purchased.

The bill now sued on by Jane & Andree reads in part: "Ducet suit, \$175; Samson dress, \$225; broche coat, \$375; Paquin coats, \$250; evening coat, \$375; satin dress, \$180; dress trimmed with ermine, \$150; snake dress, \$150, and tea gown, \$125. Two pillows are listed at \$45 and \$60, respectively, and some less material articles of apparel are: Two net combinations, \$75 each; yellow underwear, \$45; pink underwear, \$50; two suits of underwear (color not stated), \$120; red underwear, \$50; two dozen pairs of stockings, \$175, and 'bill for Paris things, \$34.50.'"

Mrs. White, who was Miss Olive Celeste Moore, was the daughter of a broker who moved from Brooklyn to St. Cloud, Minn. Before her marriage she was a member of the Bostonians, a famous light-opera company.

They took a house in Paris where they occupied a position of social prominence in the American colony. The marital life of the Whites has not been altogether pleasant, and in 1911 White sued for a divorce in Cincinnati, his earlier home, pleading desertion. There was a reconciliation.

CONTRITE HEART IS QUICK TO CATCH THE VOICE OF GOD

Few of those present last night in the Central Church of Christ, when Dr. McCuaig spoke on "The Voice of God," will ever forget the strange impressiveness of the occasion or the solemn import of the hour.

Tonight at 7:30 o'clock in the same church, Dr. McCuaig will discuss "The Great Question: 'If a Man Die Shall He Live Again?'"

This afternoon at 2:30 in the same church, he will bring to a conclusion his course of lectures to women on Eugenics. The subject of his afternoon's address will be "Birth Control."

Dr. McCuaig took for his subject last night John 10:4, "They Knew His Voice." Attention was called to the tender intimacy indicated in the text, "Voice—Communication—just voice, apart from words or ideas—personally in intonation."

"A little child is asleep upstairs. It cries. The mother below hears and starts up crying: 'There! there! there!' and before she reaches the landing the sobs have ceased. She has not uttered an intelligible word; but the baby knows her voice."

"There is a basic condition," declared Dr. McCuaig, "fixed in law apart from which no man can naturally hear God's voice. Since we have been in this house, messages from Europe and Asia, and Africa have passed over us—clear, ringing, unmistakable—but we have not heard them. Do you know why we have not heard? It is because we are not in harmony with the condi-

tions by which men hear these voices. And once you heard God speak—and for twenty years you have not heard—and why? There is a basic condition. You have not been in harmony."

"The fundamental condition of divine communication is the condition of absolute meekness."

"You may search the records from cover to cover and you will find this standing out everywhere. 'He will not lift up His voice and cry in the streets.' 'The meek will He guide in judgment and the meek will He teach His way.' 'The broken and contrite heart' is the sounding-board that catches the divine whisper. The basic condition of divine communication is the condition of absolute meekness."

"I speak to you as to little children. I would gently draw you into this grace and glory. Let a man go into the quiet of his own room—let him close the door that all outside may be shut off—let him close his eyes that no play of light or shadow may distract. And then in the best quiet he can make, let him say 'Father!' And as he says it let there come to his thought the gentle memory of the father of his childhood, and with that let him gather up his own tender sense of fatherhood and transferring all to the great Father in whose presence he stands, let him breathe no prayer but say, 'Father! Father! Father!—til there comes upon him but one consciousness—that of God—and himself alone with Him. In the quiet of that consciousness will be meekness. In that quiet God can speak. In that quiet He can bring to remembrance what He has said, and to mind, that which He would say."

"You pray too much. I do not mean to speak unkindly. You go into God's presence with a hundred words, five hundred words, a host of words. You talk, and talk, and talk; but do not listen. Yet one word from God to you, is worth a thousand of your words to Him. Indeed, you cannot speak to Him, even one word aright, til He has first spoken to you. It is the unwrought prayer only that availeth. You need the quiet."

"In the intimate quiet of God's presence only, wilt thou hear His voice."
